

# NORWAY NEEDS ENGINEERS!

## DO YOU WANT TO WORK AS AN ENGINEER IN NORWAY?

### ARE YOU AN ENGINEER IN ONE OF THE FOLLOWING FIELDS?

Automation	Mechanical design
Instrumentation	Marine Technology / Naval Architecture
Electronics / Electrical	Subsea
Mechanics	Piping/ pipe design
Hydraulics	Pipeline and umbilical
HVAC	Risers
Machine and rotating	Steel Structure
Machinery	Cybernetics
Welding	Drilling
Wind power	Flow assurance
Materials	Geosciences
Process	Safety and environment / HSE

NB: Most of the vacancies in the oil sector are ONSHORE and very few OFFSHORE.

#### The Norwegian companies require:

- Engineering diploma (Bachelor or Master's degree)
- Some work experience in the engineering field
- A very good command of English (written and spoken), as it will be the working language

#### The companies offer:

- Good working conditions
- Long-term contracts or project contracts
- Career development

**How to apply:** please register your CV in the EURES Norway CV database

[https://www.webcruiter.no/wcmain/cvlogin.aspx?company\\_id=213140](https://www.webcruiter.no/wcmain/cvlogin.aspx?company_id=213140)

Please register your data as detailed as possible and indicate 1 or 2 referees (who speak English), if possible, with name, position, company, phone number or e-mail. Registration is free of charge. Your CV will be forwarded to employers who require your qualification.

They will contact you directly if they find your qualifications relevant.

Also if you intend to be regularly informed on *events being organised in Portugal*, please send your CV to [eures-norway@iefp.pt](mailto:eures-norway@iefp.pt).
